Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1,3 and 4 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Sargent et al.

See continuous seal 42 with a each side thereof defining a member, and continuous rib 50 which has a top and two side components defining a U and a bottom threshold bridging the sides. As stated in the first office action, the term "outwardly" is relative and does not read over, in this case, rib 50 which extends outwardly from it's respective door jambs.

Allowable Subject Matter

Claims 5,7-10 and 12-26 are allowed.

Response to Arguments

Applicant's arguments with respect to claims 1,3 and 4 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
